Remarks.

THE LATE DR. HOWE being a noted Scholar and Educationist, his library is very complete in Works of Reference and choice Standard Works, as well as other classes of literature. The books herein referred to are in the best editions procurable and in good condition, a large proportion being perfectly new. Attention is also called to the many costly illustrated works and editions de luxe, which would be suitable as holiday gifts. Dr. HOWE was a leader among amateurs in Chess, and there are many works in the collection on that subject.

WALTER M. KEARNS.
